CHAPTER - 5

HUMAN RESOURCES

SOLUTIONS:

EXERCISES:

1. Answer the following questions in a sentence.

(a) Who is a literate?

Answer: A person above the age of 7 years who is able to read and write any language and who can understand simple statement in any language is a literate in India.

(b) How is density of population measured?

Answer : Density of population is measured by dividing the number of persons of a country by its total area.

(c) Which district in Manipur has the highest literacy rate ?

Answer: Imphal West district with 80.2 % literacy rate.

2. Answer the following questions in about 40 words each.

(a) Why is man regarded as a great resource?

Answer: Man himself is an inexhaustible store of energy and skill. With his efforts he creates many other resources and help people in improving by using their skills and potentialities to the best.

(b) Why does population change?

Answer : Population change takes place due to fertility, mortality and migration. This change takes place due to natural growth (excess births over death).

(c) Explain three geographical factors which influence the distribution of population.

Answer: (i) **LAND FORM** : It is one of the most important factors affecting the distribution of population. People always prefer plains rather than mountains.

(ii) **CLIMATE** : Regions having very hot or cold climate are usually avoided by people. That is why deserts, equatorial and polar regions have little population.

(iii) **SOIL**: Soil is also the most important factor affecting the distribution of population. Fertile soils support huge population. People are always attracted to more productive areas.

(d) Why do hill districts of Manipur have low density of population? Give three points.

Answer : (i) Hill districts have low density of population because of lack of means of transport.

(ii) Unfavourable climate have a great influence.
