

CLASS-II
CHAPTER: 6
TWO FRIENDS

NOTES:

Once two friends, Nobin and Chandra were walking through a forest. They promised each other that they would remain united in any case of danger. Suddenly, they saw a large bear approaching them. Chandra turned and fled and climbed up a tree while Nobin remained standing and fell to the ground and acted as if he was dead. The bear smelt in his ears and slowly left the place as the bear did not touch the dead creatures. Now, Chandra came down and asked his friend Nobin, "Friend, what did the bear whisper in your ear?" Nobin replied, "someone who leaves his friend in time of danger is not a friend at all". From this story we can learn that true friend is one who always supports and stands by you in any situation.
